"BEST IDEA EVER!!! My guests are still talking about the PARTY BOOTH!! I had at least four of my friends want to book on the spot!"

- Ashley & Steven Married February 13, 2010

The Next Big Trend In Weddings

Photo booths and weddings are a perfect match. They are exploding in popularity throughout the country simply because they are SO MUCH FUN! The pictures produced are funny, awesome, and sometimes, outright hilarious!

When the curtain gets pulled shut, almost anything can happen, and it usually does! The fact that there is no photographer in the booth means your guest's creativity will not be inhibited which will likely make for some of the best photos of the evening. People have so much fun taking pictures inside a photo booth, from the standard portraits to the more creative expressions, to the just plain silly.

Seconds after your guests exit the booth, they will have an excellent quality photo of what just happened and quickly begin sharing the enjoyment with others. Games of one up-manship are sure to ensue. A photo booth rental from Party Booths will keep your guests of all ages entertained throughout the night causing them to stay longer! The resulting instant photographs will also make the perfect parting gifts allowing your guests an instant memento to remember your special day for years to come. It will have them raving about the experience for months after your wedding. That's the Party Booths promise!

Other Grand Occasions

Mitzvahs

Our photo booths are a huge hit at Bar/Bat Mitzvahs! The kids absolutely love the booth and are usually in it non-stop with all of their friends. The booth also really helps to bridge the generation gap and is sure to get everyone involved in the fun. At the end of the night, guests of all ages will have the perfect memento of the event that will have them talking about your Bar/Bat Mitzvah for months to come.

Sweet 16s / Quinceañeras

There is no better place for a photo booth than at a sweet 16 or Quinceanera. The young adults will have a great time capturing some of the funniest photos imaginable with all of their friends. Even the adults will participate in the fun! A photo booth rental from Party Booths is sure to have your kids' friends raving to you about how it was the "Best Idea Ever!"

School Events / Reunions

A photo booth rental from Party Booths could not be a better way to capture the memories from your high school or college event. Whether it is a graduation party, a high school overnight party, or a college party, the guests will have the best time imaginable capturing and sharing their brand new photos with their best friends forever. With unlimited sessions with all of our rentals, every kid will have the chance to get their photos taken with all of their different friends.

Corporate Events

From holiday parties and customer appreciation events to trade shows and employee appreciation banquets, photo booths are the perfect way to ensure that your next event is a huge success. Guests, customers, and clients will enjoy themselves more, be engaged longer and thus stay later when there is a photo booth at your event. At company parties, it may become the next hot topic being discussed in the cafeteria. At trade shows, it will draw your clients in to allow your sales staff to "sell" the products.

Why Party Booths

Party Booths has emerged as the largest and most distinguished provider of photo booth rental services in the entire nation simply because we provide our clients with the best customer service, highest quality photos, and the largest, most fun, interactive photo booth rentals available all at the best value!

All Inclusive Low Rates

What other companies charge extra for, Party Booths provides as standard features with any Party Booth rental.

- Web Gallery Hosted For An Entire Year
- Ownership Of All High Res Images
- Choice Of 6 Different Print Configurations
- Customized Graphics For On-Site Prints
- Back Up Equipment In Every Party Booth™

On-Site Attendant

Every photo booth rental from Party Booths comes with an on-site attendant to help ensure that your guests maximize the photo booth experience. Our professional and courteous photo booth attendant will ensure the booth is operational the entire rental period. They are also there to assist your guests in using the booth and will explain to your guests how to log on to your new private web gallery and view / share their photos for many months to come.

Unlimited Sessions

All of our rentals include unlimited photo booth sessions. Each session takes 3-4 pictures which are then printed moments later on a single 4x6 index print for your guests to keep. There are never any hidden costs for additional sessions or paper.

Private Web Gallery

We provide all our clients with a private web gallery free of charge for an entire year! You and your guests can view and share all of the photos from your event. You will also have the option of purchasing enlargements, DVD Slideshows, Coffee Table Books, and other great products as well.

Why Party Booths

Ownership Of All High Res Images

We do not retain exclusive copyrights to your images. A few days following your event, you will receive an email containing a link where you can download all of the high resolution images directly to your hard drive so that you can print and share your pictures whenever and wherever.

DOWNLOAD

Customized Print Outs

We can add any text, logos, graphics, or designs to your prints making them truly unique! Not sure what to do? Just let us know and we will design something for you free of charge!

Choice Of Background Colors

We offer a choice of different background colors including red, blue, brown, and hot pink. You can even provide your own background if you prefer. Just make sure it is a non reflective material measuring at least 58" wide x 2.5 yards long. Our attendant will be happy to install it for you.

Still not convinced...

Unrivaled Experience

Many companies are what we call "One man, One booth" operations. They've completed only a handful of events and are sure to learn more and more things the hard way as they progress. Party Booths has completed over 15,000 events to date and that number grows with every passing week.

Back Up Equipment

Back up equipment in EVERY Party Booth™!

Bigger Is Better

Our booths are bigger than many of our competitors' booths and in this case, bigger is better. We have had more than 15 people squeeze into our booths and more people generally means more fun. Simply move forward closer to the camera to obtain properly composed portraits of couples.

B&W, Sepia, and Color Prints

You can choose to have your photos print out in B&W, Sepia, or Color on the night of your event. What's more is even though you may choose B&W prints, we will always provide you with digital files in color. This way, you can make any reprints you would like at a later time in Color, Sepia, and B&W.

Still not convinced...

Professional Image Quality

From the beginning, we set out to develop photo booths that produce the highest quality images possible, even on par with portrait studios. Our photo booths employ professional studio lighting equipment, high quality digital cameras and true photo quality printers to produce the best quality results imaginable. Not only do you get the collage files, we archive the individual files as well. You can even make enlargements up to 16"x20" that will look perfect!

Best Customer Service

At Party Booths, customer service is our top priority. We hire the most professional and fun attendants in the industry to ensure you and your guests have a great time. Unlike many of our competitors, we are here in the office to serve your needs 10 hours a day M-F. Our friendly and courteous office staff will answer all of your questions quickly and effectively yet will not pressure you into making a decision.

Even More Options!

GET THE MOST OUT OF YOUR EVENT!

Double Prints

Double Prints are the perfect way to compliment your photo booth rental. With two separate printers, our booths produce two copies of each session for your guests to share and take home with them. More photos floating around the room will only add to the excitement that the photo booth will bring and in this case, more photos, equals more fun! (Additional Charges Apply)

Double Prints & Scrapbook

This option is specifically designed with weddings in mind. We bring everything you need for your guests to create the most cherished scrapbook of all by the end of your event. We provide double prints on the spot, a beautiful scrapbook, elegant black pages, glue sticks, gel pens, scissors, and the plastic sleeves to protect your pages for an eternity. Our attendant will then direct your guests to take one print home with them while placing the second copy in the scrapbook. They will be encouraged to get creative and write cute little messages that may even add a tear to your eye. Although this can be considered a must for weddings where it is commonly used in place of the traditional guestbook, it is also very popular among Sweet 16's, Mitzvahs, Birthday Parties, and even School Functions.

(Additional Charges Apply)

FAQs

How much of a deposit is required to reserve my date? We require a \$200 deposit to formally book your event with the remaining balance due 2 weeks prior to your event.

Is the deposit refundable? Unfortunately the deposit is non-refundable. When you book with us, we reserve a specific photo booth AND attendant for your date right away. We also go to work on designing the graphics for your on-site prints.

Do you charge extra for setup and teardown time? No. If you have hire us for 4 hours and want your booth "running" from 6-10pm, we will arrive early to set up. We'll be ready to go by 6pm and will not begin tearing down until 10pm. If you require additional time, we charge a modest \$100 per hour for overtime.

What are the power requirements of your photo booths? Our photo booths only require a single plug-in from a standard 15 amp household circuit. The photo booth only draws around 3 amps.

What options do you offer for background colors? We offer four colors to choose from: blue, red, brown and pink. Keep in mind that you can always supply us with any custom background you wish. We can use any type of fabric that is not reflective or "glittery". If you do supply your own, just make sure your fabric is at least 58 inches wide. About 2 1/2 yards in length will work perfectly.

Do you have back up equipment? Yes! While many other photo booth companies do not, every Party Booth™ comes with 2 laptops, 2 cameras, 2 printers, and 3 flashes. Stemming from the wedding photography industry, Party Booths™ realizes that there won't be any second chance so even if a hard drive fails, we will be back up in running within minutes. Now that is peace of mind you can count on!

How long does it take for our pictures to be posted to the internet? We try to have most events posted within 1-3 business days following the event. Occasionally it takes a day or two longer. Your event will be hosted online for an entire year and there is no additional charge for this service.

Can we choose to have our photo booth galleries password protected? Yes, simply choose a password you like and we will have it and the website conveniently printed on the front of your print outs for your guests to read. Don't worry, this information will be very unobtrusive!

FAQs

Do you provide us with a copy of our high res images? Absolutely. Within a few days of your event, you will receive an email containing a link where you can simply download all of the high resolution images directly to your hard drive. You maintain all copyrights to your photos and are free to reproduce them any time you wish. We also archive your files free of charge just in case you lose lose them or have a hard drive failure in the years to come.

Are prints included with your rental rates? Yes they are. Each photo booth session is printed out seconds later on a single 4x6 index print for your guests to keep. Our rental rates include unlimited sessions during your rental period and often times, the same guests will go through the booth multiple times.

Can we choose to have B&W prints? Sure. You may also choose sepia. What's more is even though you may choose B&W index prints for the day of your event, the image files we provide for you still allow the option of reprinting the same images in color, B&W or sepia if you choose.

Can we have a special message displayed on our index prints? Absolutely! You can submit any information or graphics you would like to have appear on your prints and our graphics team with do their magic. We will also design something for you from scratch for your special event at no extra charge. Check out our website for tons of samples and ideas.

Do you charge any travel fees? Beginning in 2014, we charge a modest \$35/hour (one way) for travel outside of 30 minutes from one of our many "hubs" located throughout the United States.

You offer nationwide service, so where will my booth actually come from? Our main offices are located in Las Vegas, NV and Harbeson, DE where we handle all of our customer service and administrative duties. We also have area representatives located in most major metropolitan areas (our hubs) throughout the country. Your equipment and attendant will handle your event from the hub that's closest to where your event is taking place. All representatives work exclusively for Party Booths and utilize Party Booths proprietary photo booth systems. You will be contacted by your attendant the week of your event to confirm all of the details and to make sure you have their cell phone number.

Your photo booth is seemingly so much better than others. Why is it also less expensive? Our photo booths are larger than vending machine-type booths yet they are easier and far less expensive to transport. Simple economies of scale allow us to keep the prices low while giving our clients tremendous value. With Party Booths, you will always get more for less!

"I was initially hesitant to hire a national company, particularly one with such low prices, fearing the service would not be as good -- however, I was happy to be proven wrong! Party Booths did an outstanding job! They were so responsive to all the questions I had. The on-site attendant, Rickey, contacted me a week ahead of time to confirm everything, which was much appreciated, and he did a great job the night of. My guests loved the photo booth so much and had a great time with it. When you compare them, you'll see their prices are great, too. We were so pleased with Party Booths and would definitely hire them again and recommend them to future couples." Katie & Drew - Married 10/20/12

"I loved having a photo booth at my wedding! The pictures are hysterical and they make for a great keepsake. My guests had a great time with all the props and I especially like how Gus (our operator) helped put together a scrapbook of all the pictures. The images themselves are high quality and I was very impressed. Everyone made good use of the booth and it was definitely worth the money!" Denise & Anthony - Married 09/22/12

"Our experience with Party Booths has been a unique one, we used the company 3 times throughout the summer for our wedding in Seattle, our 2nd reception in Michigan, and our 3rd reception in our hometown of Virginia Beach, VA. All of our experiences were great! Each attendant kept the party going and even though we already had a scrapbook started in Washington, the other 2 attendants helped to continue the fun and encouraged our guests to have a great time with it. We have heard nothing but great things from all of our guests from all 3 receptions about how great of a time they had and Party Booths really made that possible!!! Thank you so much for all of your hard work! And thank you so much for making our receptions such a fun time! Best wishes," Robin & Ryan Graves - Married 07/07/12 (07/28/12, 08/11/12)
